MOSAIC  
FACTORY

Barcelona

LET'S MAKE SOMETHING BEAUTIFUL

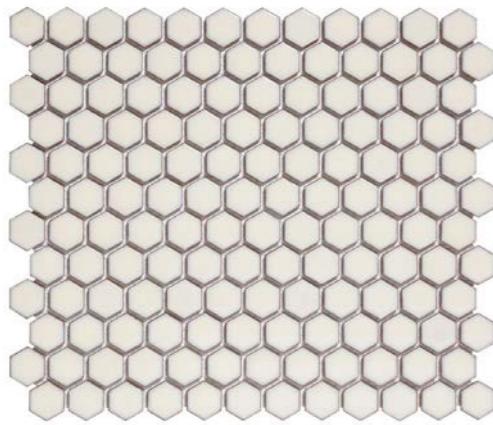

# Barcelona

Particularly versatile, with something for everyone – the Barcelona collection is the most diverse one out of our range. This collection includes squared, rectangular and hexagon mosaics, all of them in multiple sizes and various colours. Soft pastel shades are represented, but also more trendy colours, like bronze and marble. The Barcelona mosaics are made of glazed porcelain and thus are frost-resistant. This means these mosaics can be used outdoors as well, although the glossy tiles are only suitable for use on the wall. The matt Barcelona mosaics can also be used on floors of barefooted areas, like bed- and bathrooms.

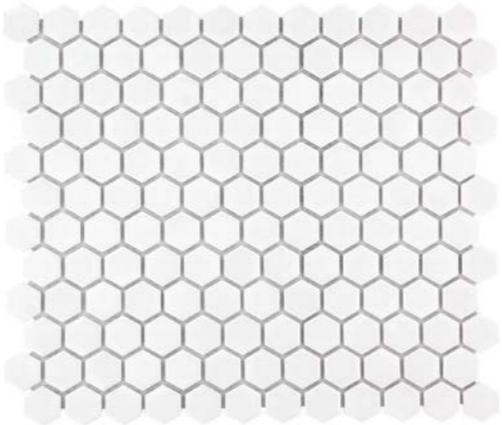

# Hexagon

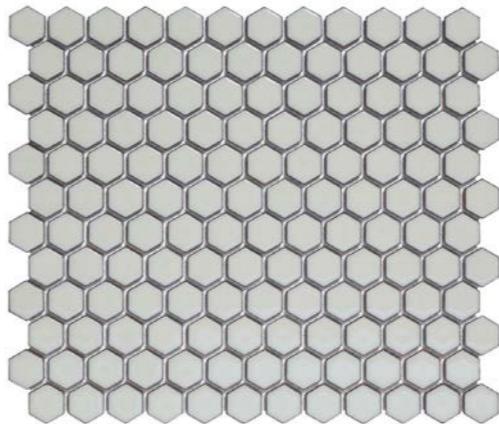

The Barcelona collection includes hexagon mosaics in three sizes, available in many colours. The structure of the marble hexagon mosaics is applied with an inkjet-printer. These tiles are therefore a bit rougher and comply with anti-slip class R9. The metal mosaics are equipped with a metal-coating, which does not withstand acids. We therefore advise against using these tiles in wet areas.

# Squared

The Barcelona collection includes squared mosaics in two sizes. All uni colours are represented, but also some striking metal colours, which are equipped with a special coating. This coating does not withstand acids and thus we advise against using the metal mosaics in wet areas.

# Rectangular

The rectangular mosaics from the Barcelona collection are available in matt and glossy white. These tiles are therefore perfect for a sleek and minimalist design. The glossy variant is only suitable as wall tile, but the matt variant can also be applied on floors of barefooted areas, like bed- and bathrooms.

Rechthoek	45x145x6,5	3	291x297	0,86	10	10,7

## Notes:

Made of glazed porcelain, except for the marble mosaics (inkjet-printed coating, anti-slip class R9). All frost and chemical resistant, except for the metallic mosaics (do not use in wet areas). The glossy mosaics can only be used as wall tile, the matt tiles can also be used on floors of barefooted areas.
