LET'S MAKE SOMETHING BEAUTIFUL

Sevilla

The Sevilla kitkat mosaics have earned their nickname because of their shape, which resembles the well-known chocolate bars. Some sort of fingers, available in two sizes and made of glazed porcelain. The Sevilla mosaics are extremely versatile and can be used both horizontally and vertically. When placed vertically, they are even suitable for tiling curved surfaces, like bars or kitchen counters. The Sevilla mosaics are characterized by striking colours and the presence of speckles, which gives a stunning melee-effect.

Kit Kat

The standard or big kitkat mosaics are available in ten beautiful colours. These mosaics are hollow on top and have a size of 20x145x8 millimetres. Some tiles come with speckles inside, like the white and yellow variant, which add a special effect to these mosaics.
